

Skilled Custom Woodworker

McNutt Group Inc. – *Mercer, WI*

At the McNutt Group our goal is the customer's goal. We want to fully understand their vision and then design and create the unique features and characteristics they want their setting to offer. Located in the North woods, the McNutt Group headquarters consists of a 4,500 square foot facility that includes a 3,400 square foot custom woodworking shop and a 1,100 square foot administrative office and showroom. The shop houses a combination of 21st Century Technology and traditional time-tested tools.

A McNutt Group Skilled Custom Woodworker will be responsible for fulfilling orders as requested in a timely and accurate manner. Ideal candidate will adhere to safety regulations when handling material and equipment. A strong belief in goals of the company is necessary to this position. Candidate must provide excellent customer service skills while also focusing on the company goals and minimizing mistakes.

Requirements:

- Previous experience in millwork environment
- General and finish carpentry skills
- Knowledge and expertise with woodworking skills
- Strong attention to detail
- Ability to prioritize and meet deadlines
- Possess strong mathematic skills to calculate measurements
- Developing relationships with clients with the hope of generating future referral business
- Ability to read and interpret shop drawings

The McNutt Group offers competitive pay with paid vacation and holidays. We are looking to expand to a National level designing and manufacturing custom wood screen doors and accents. Ideal candidate will possess strong customer service skills, be self-motivated, idea driven and take initiative to help take this company to the next level.
